Protégé Academy opened its state-of-the-art facility in East Lansing in 2005, with a solid commitment to teach our students the newest products and developments in the cosmetology field. One way we accomplish this is by offering our senior students and recent graduates a Study Abroad Program that starts with an overall introduction to the hair fashion world of TIGI products and education in either their Italy or London institutes. All our senior students are also offered the opportunity to participate in advanced academy classes held at TIGI's SoHo, New York Institute.

Protégé Academy is committed to preparing our students for an advanced career in the thriving field of cosmetology. You will learn from our knowledgeable and professional staff the most current styling trends, techniques, the latest nail technologies and more.

Earnings and Employment

Cosmetologist and Manicurist may earn income through different career choices. Occupations include hairstylist, nail technicians, esthetician, platform artists, state board examiners, sales representatives, makeup artists, as well as careers in the movie and photography industry. As with any profession the amount of earnings one can achieve in the cosmetology field is a direct reflection of the amount of effort one applies to this career. For information on earnings a graduate may reasonably expect, go to www.payscale.com.

Job Placement Policy

While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on a career opportunities bulletin board for students to review, as well as on the school's website, www.protegeacademy.com; graduates are given a password upon course completion to access available opportunities. Students also receive training in professionalism and job search skills including how to write a resume, complete an employment application and prepare for an effective interview. The curriculum places a great deal of emphasis on how to obtain and retain employment after graduation. Graduates are encouraged to maintain contact with the school and follow-up with the school on current employment or employment needs. In addition, the school maintains a network of relationships with professionals and employers who provide mentoring to students while they are in school. Job referrals are made known to interested graduates as available.

All appeals must be made within 10 days of the negative determination, and the student must submit documentation on what has changed in their situation. All decisions on appeals are final. Appeal documentation will be placed in students file regarding determination of appeal.

Student Complaint Policy / Grievance Procedure

The Board of Cosmetology, under the State of Michigan Department of Licensing, sets minimum standards for our programs of study and issues licenses to graduates upon passing the Board of Licensing examinations. Students who experience problems with the school or its employees or who have any complaints are encouraged to bring the problem to the attention of their instructor. Requests for further action should be brought to the attention of the administrator. In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in the student's files to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

- The student first if applicable should speak with their Instructor and or Administration to handle the complaint.
- The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.
- The complaint form will be given to Administration
- The complaint will be reviewed by management and a response will be given in writing to the student within 30 days of receiving the initial complaint.
- The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
- If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
- Depending on the extent and nature of the complaint, interviews with appropriate staff members and other students may be necessary to reach a final resolution of the complaint.
- In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to

the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.

- Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.

Protégé Academy requires all students to maintain satisfactory progress in both their academic (Qualitative terms) and attendance (Quantitative terms) performance. To meet satisfactory academic progress, a student must maintain a minimum cumulative average of 75%. To meet satisfactory attendance progress, a student must attend a minimum of 80% of their accumulated scheduled hours at each evaluation point throughout the course. Students who are not meeting both the academic and/or attendance requirements will be placed on a warning.

NOTE: Students receiving funds under any HEA Federal Title IV financial aid program must maintain satisfactory progress to continue eligibility for such funds. Satisfactory Academic Progress Policy applies to every student enrolled in a NACCAS approved program.

Academic Achievement

Academic Achievement includes grades for academic tests and assignments (written and practical) with applied effort. The Programs were developed to support different learning styles; incorporating lessons, demonstrations, media and activities to enhance the process. Any questions regarding daily lessons should be directed to the supervising instructor.

Being prepared for daily lessons and assignments is critical. This includes bringing the books and equipment necessary to perform academic assignments and clinic assignments. We encourage new students to have advanced study partners (mentors) to help establish positive study habits and assist with some of the challenges of being a new student.

Attendance Standard

Attendance will merit a grade of either "Satisfactory" or "Unsatisfactory." Students must attend a minimum of 80% of their accumulated scheduled hours based on student's enrollment agreement to receive a satisfactory grade.

Cosmetology Students = at time of evaluation, students must be at or below maximum scheduled hours.

- At 450 hours attended, students must be at or below 562.5 hours scheduled.
- At 900 hours attended, students must be at or below 1125 hours scheduled.
- At 1200 hours attended, students must be at or below 1500 hours scheduled.

Manicure Students= at time of evaluation, students must be at or below maximum scheduled hours.

- At 300 hours attended, students must be at or below 375 hours scheduled.

Student Instructor= at time of evaluation, students must be at or below maximum scheduled hours.

- At 250 hours attended, students must be at or below 312.5 hours scheduled.

Academic Standard and Grading System

The following factors will be measured to determine academic progress:

- Academic work (test grades) *affects GPA
- Practical work (test grades) *affects GPA

Students must maintain a C grade average minimum of 75% to be considered making satisfactory progress in academics. (S.A.P.)

The following will be used to measure a student's academic progress:

*NOTE: Incomplete grades adversely affect GPA.

- Academic and Practical work will be graded per the following scale:

| <u>Grade</u> | <u>Letter Equivalent</u> | <u>Level</u> |
|--------------|--------------------------|--------------|
| 90-100% | A | Excellent |
| 80-89% | B | Good |
| 75-79% | C | Satisfactory |
| 0-74% | F | Fail |

Evaluation Period

*NOTE: Students will receive a printed copy of all Satisfactory Academic Progress generated at the end of all evaluation periods. Any incomplete grade recorded will adversely affect GPA.

Progress will be evaluated at the end of each evaluation period. Each student is evaluated and apprised of their academic performance, practical skills development and attendance at specific check points by the administration. All evaluation periods are based on actual hours.

Hours at which students are apprised:

- Cosmetology program at 450, 900, 1200 hours.
- Manicuring program at 300 hours.
- Student Instructor program at 250 hours.

Students who meet the 80% attendance standard and the 75% academic standard will be making (S.A.P.) Satisfactory Academic Progress. Students who fail to meet either or both academic or attendance standards will be placed on warning until the next evaluation. Students meeting minimum requirements at evaluation will be making satisfactory progress until the next evaluation. For a student to be considered making satisfactory progress or re-establish eligibility after being placed on warning, he/she must meet attendance minimum standards by attending all regularly scheduled hours, and meet academic minimum standards by following the academic plan established by the institution at the beginning of the warning period.

Warning Status

If it is determined that a student failed to meet either or both two progress standards (Quantitative or Qualitative), the student may be placed on warning for the following evaluation period. During periods of warning a student remains eligible for federal financial aid assistance. The institution will advise the student regarding his/her progress, and on what requirements need to be met for the student to bring himself/herself out of warning status. At the end of that evaluation period, if the student has still failed to meet either or both progress standards, the student will be considered as to not making satisfactory progress. Students considered as to not making satisfactory progress will lose eligibility for federal financial aid assistance. It is then the student's responsibility to meet with Protégé's Administration to determine if any alternative options are available for course completion.

Withdrawals

Any student who withdraws either officially by written notice to the school, or unofficially by any other form of withdrawal from his/her contracted course, or fails to complete his/her training will have a notice placed in his/her student file as to progress at the point of withdrawal. A student making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and will be making satisfactory progress at that point of re-enrollment. A student failing to meet minimum

satisfactory requirements at the point of withdrawal will be placed on warning for the remainder of that evaluation period when accepted for re-enrollment.

Course Incompletes and Repetitions

A student who withdraws from a class prior to its completion is permitted to repeat that class later. The uncompleted class will have no effect on the student's satisfactory academic progress. Repeating classes however will continue to affect the student's cumulative attendance progress. Students must be able to complete the program within 125% of the normal course length. Continued course repetitions can result in the student no longer being able to complete the program within the mentioned maximum time frame. Once such determination is made, the student will be considered as not making satisfactory progress.

*Non-credit remedial courses not applicable.

Appeals (SAP)

Satisfactory Academic Progress policy established by the school may be appealed due to mitigating circumstances (i.e.: disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances). Students wishing to appeal his/her adverse determination must do so in writing by completing an appeal form and attaching any applicable documentation, and submit to administration. The appeal will be reviewed by appropriate personnel and a determination will be made. All appeals must be made within 10 days of the adverse determination. Students prevailing upon appeal will be notified of the school's decision to reinstate. A reinstated student will be considered on Warning and given written minimum requirements to follow until the next evaluation. *Protégé Academy does not offer a probation period after warning.

Leave of Absence (LOA) Policy

Occasionally, students may experience extended personal or medical problems which make it difficult to attend class. Protégé Academy may allow a student under such circumstances to take (1) one leave of absence (LOA) from the program. The LOA must be requested in writing by the student and must be pre-approved by the school administrator, unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover, the student would not have been able to request the LOA in advance. Protégé Academy may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for the decision and collects the request from the student at a later date. The written request must include the starting and ending date of the LOA. An LOA may be granted for up to 90 days (in the case of extenuating circumstances that might require additional time, please see the school administration), with a reasonable expectation that the student will return from the LOA.

- No more than 180 combined days of leaves of absence are permitted in a twelve-month period for federally funded and non-federally funded students.
- The twelve-month period reference in these provisions starts on the first day of the leave.
- A leave of absence extends the student's contract period and maximum timeframe by the same number of days taken in the LOA.

Students will not be assessed additional tuition charges while on an approved LOA. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will return to the academic progress status they held prior to their LOA. A student granted an LOA that meets the criteria is not considered to have withdrawn, and no refund calculation is required at that time. Students returning from an LOA must coordinate their return with the Director of Education. Students who fail to return from the LOA on their scheduled return date will be

terminated and will be considered dismissed as of the last day of attendance prior to the start of the LOA. If a student receiving federal financial assistance fails to return from an approved LOA, a portion or all the student grace period associated with any federal student loans may be forfeited resulting in the obligation to immediately begin loan repayment. LOA students must arrange assignments with their instructors.

Transfer Hours

About Satisfactory Academic Progress, a student's transfer hours that are accepted are counted as both attempted and complete hours for determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

Reinstatement of Federal Financial Aid

Federal student financial aid is suspended when a student is considered as not making satisfactory progress. Aid will be reinstated when the student improves his/her attendance or academics to a level such that minimum cumulative standards have been met. If the student begins a payment period not making satisfactory progress, and they are not on warning, the student will not be eligible for federal aid for that payment period.

Maximum Time Frame

The normal time frames and maximum time frames required for program completion are listed below. Students who maintain satisfactory progress in attendance will complete the program during the allowable maximum time frame. Students must complete the required number of course hours with the maximum timeframe of 125% of the published length of the course.

| Course | Course length | Hours/Week | Maximum Time Frame |
|-----------------------------|--------------------------|------------|--------------------|
| Cosmetology Days | 1500 hours or 47 weeks | 35 | 58.75 weeks |
| Cosmetology Evenings | 1500 hours or 64 weeks | 25 | 80 weeks |
| Student Instructor Days | 500 hours or 15 weeks | 35 | 18.75 weeks |
| Student Instructor Evenings | 500 hours or 21 weeks | 25 | 26.25 weeks |
| Manicuring Days | 600 hours or 17.25 weeks | 35 | 21.5 weeks |
| Manicuring Evenings | 600 hours or 24 weeks | 25 | 30 weeks |

Return of Unearned Title IV Funds Policy

Federal regulations have been enacted which state that students may forfeit a portion of their federal student financial assistance if they fail to complete the program of study in which they were enrolled.

This policy affects:

- Students who received or were eligible to receive federal student financial assistance authorized under Awards, or Stafford or PLUS loans awarded under the Federal Family Education Loan (FFEL) or Federal Direct Student Loan (FDSL) programs.

- A recipient of Title IV grant or loan funds who withdraws from the school after beginning in attendance, the amount of the Title IV grant or loan assistance earned by the student must be determined. If the amount disbursed to the student is greater than the amount the student earned, unearned funds will be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

The school is permitted to credit the student's account with the post-withdrawal disbursement of Title IV grant funds without the student's permission for current charges for tuition, fees, and room and board (if the student contracts with the school) up to the amount of the outstanding charges. The school will obtain a student's authorization to credit a student's account with Title IV grants for other than current charges.

The school will notify a student, or parent for a parent plus loan, in writing prior to making any post-withdrawal disbursements of loan funds, whether those loan funds are to be credited to the student's account or disbursed directly to the student (or parent).

Eligible Title IV federal aid recipients who fail to complete less than 60% of scheduled hours in a payment period or period of enrollment are considered to have not earned all the federal aid that may have previously been awarded for that payment period or period of enrollment. Accordingly, a required calculation will be performed to determine the portion of the unearned federal student aid that must be returned based on hours scheduled to attend as of the student's last day of attendance to the U.S. Department of Education. This calculation will be completed before a tuition refund is performed and monies returned within 45 days of the school's official determination date that the student withdrew either officially by written notice to the school, or unofficially by any other form of withdrawal (i.e. student stops attending.) The school's official determination that a student has withdrawn shall be within 14 calendar days of the student's last physical day of attendance. In many cases, the Return of Unearned Title IV Funds calculation will result in the student owing tuition and fees to the institution that would otherwise have been paid with federal student aid. If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to unsubsidized Federal Stafford Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to Title IV aid have been made and the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.

Attendance Policy

Attendance not only ensures graduation on time but without additional instructional charges. Day classes are from 8:30am-4:30pm, Evening classes are from 4:00pm-9:00pm, with Saturdays optional from 8:30am-4:30pm. Day and evening classes are both considered full-time.

The student guidelines for attendance are as follows:

- Satisfactory Progress for attendance is 80% attendance. A student having difficulty meeting this standard should immediately discuss with their instructor and/or the Administrator. A student with unsatisfactory progress due to excessive absences at specified evaluation periods will be placed on Warning. Failure to meet attendance as "satisfactory progress" for one "full" evaluation period may result in enrollment termination.
- Late Arrivals: If a student is to be late that student needs to contact the school prior to the scheduled start time. When that student arrives, student must report their arrival to their respective instructor. Day students may not use Late Arrivals when returning from a lunch break.
- Students are allowed up to 2 late arrivals per month in any combination with Early Leaves. A student with a late arrival the 3rd time in one month will not be allowed to receive hours if in attendance for that day.

- Day class students are required to log a Minimum: 5- hours of attendance per day.
- Evening class students are required to log Minimum: 4- hours of attendance per day.
- In the situation that a student fails to clock in or clock out and the student is physically in attendance for that day, the student will only receive the minimum number of hours for that day, unless an alternate determination is made by administration.
- Early Leaves: Students are allowed up to two Early Leaves per month in any combination with Late Arrivals. Students taking an Early Leave must fill out a Time-Off Request Form and have an instructor sign it, or the student's hours will be forfeited for the day. Students using an Early Leave must be in attendance for the minimum class hours to receive their time for the day. Students using an Early Leave may not return to class once they have been dismissed.
- Students are required to pre-arrange all absences. Pre-arranged absences forms must be filled out, signed, and turned in no later than 1 day prior to the absences.
- Students can call in absences 7 times, prior to class start time, during the enrollment period. If the student exceeds the 7-call in's during their enrollment period, the student will be terminated from the program. If a student fails to notify the school of their absence, it will result in the loss of a call in.
- Saturday Attendance: Students who sign up to attend on Saturdays must give written notice by the Thursday prior to the Saturday the student plans to attend. Students who sign up for any given Saturday and fail to attend that scheduled day lose the privilege to attend Saturdays for 1 month. Students who repeatedly fail to attend Saturdays or no call no show will lose privileges to attend Saturdays indefinitely.
- Introductory Student: (Junior Students) who miss 70 hours or more in the introductory portion of the program may be required to restart the introductory portion, unless all classroom assignments are complete and turned in with a passing grade of 75% or more by the end of scheduled introductory graduation date.
- Students that are ill and cannot take part in learning lessons or curriculum for that day are asked to be absent for that day.
- Being absent for 4 consecutive scheduled days to attend without prior clearance from the administration. If this occurs, the student will be dropped from enrollment and any equipment left at the Academy will become the property of Protégé Academy
- Absences must be reported prior to scheduled start time.
- If a student fails to call in an absence or tardy 4 times during their enrollment, that student may be dropped from enrollment.
- Students are on a contracted enrollment period. As such, there are NO excused absences.
- Cosmetology students will have 70 hours of personal time to be missed during their course. Manicuring 48 hours, Instructors program 40 hours.

Students should not miss school. Missed hours mean students will miss important subject matter and experience. The student must make up training hours that the state requires for licensing, and it also will cost the student additional tuition if the course is not completed by the calculated completion date. If students maintain a good attendance schedule, they benefit from Protégé Academy's training. Students are highly discouraged from enrolling if they cannot maintain good attendance.

Tardiness and Clocking In

**Student hours are calculated by using full 15-minute increments. All students are required to clock in and be ready for class or clinic at their contracted times.

Tardiness disrupts a good learning environment and is highly discouraged. A "late start" tardy result, when a student does not clock in or report to class by the scheduled start time. "Tardy" is defined as clocking in 1 minute or more after the scheduled start time. Time will be docked to the nearest quarter hour for tardiness. Forgetting or neglecting to clock in on time will still result in a "late start"

tardy or forfeiture of hours for that day. Day students that are tardy returning from a lunch break will lose their hours for that day.

- Students are expected to attend classes on a regular basis as outlined in their contract with Protégé Academy.
- Day class Minimum: 5- hours of attendance.
- Evening class Minimum: 4- hours of attendance.

Late Arrivals

If a student is to be late, that student needs to contact the school prior to the scheduled start time. When that student arrives, student must report their arrival to their respective instructor. Day students may not use Late Arrivals when returning from a lunch break.

Students are allowed up to 2 late arrivals per month in any combination with Early Leaves. A student with a late arrival the 3rd time in 1 month will NOT be allowed to receive hours if in attendance for that day.

Early Leaves

Students are allowed up to 2 early leaves per month in any combination with Late Arrivals. Students taking an Early Leave must fill out a Time-off Request Form and have an instructor sign it or your hours will be forfeited for the day. Students using an Early Leave must be in attendance for the minimum class hours to receive their time for the day. Students using an Early Leave may not return to class once they have been dismissed.

NOTE: Students are only allowed up to, 2 late arrivals OR early dismissals per month. Students are advised to fill out a Time-off Request form as soon as they know they will be absent or tardy. Instructors do have the right to refuse to sign a Time-off Request.

Saturday attendance

Students who sign up to attend on Saturdays must give written notice by the Thursday prior to the Saturday the student plans to attend. Students must specify when signing up what time they will be leaving. Students who sign up for any given Saturday and fail to attend that scheduled day forfeit that Saturday and the four (4) consecutive Saturdays following.

Introductory Student

Junior Students who miss 70 hours or more in the introductory portion of the program are required to restart the introductory portion, unless all classroom assignments are complete and turned in with a passing grade of 75% by the end of scheduled introductory graduation date.

Dress Code

As you are entering a salon like atmosphere of training, good grooming and hygiene are essential; hair, dress, and make-up should be business professional. Your industry is about image, beauty, and health. We all have our personal beauty and it is important to enhance our assets. In order to gain a client's confidence, you must present your beautiful image, as the client's impression is always made upon first encounter. All students are expected to follow these guidelines for the benefit of all clients, potential students, State Board Inspectors, and visitors to the school.

All students must follow these dress code standards at all times:

- Student apron and name tag identifying student status must be worn at all times.

- Clean hygiene (including use of deodorant and breath mints) is essential for all students. Excessive body odors or smoke odors are not acceptable in the school and professional environment. Students who smoke during a designated break must wash their hands and refresh to dissipate any smoke and odors that may be offensive to others.
- Hair must be clean and styled always. Students' hair must always be dry and styled when entering the school. Class time is not for styling hair or applying makeup, unless it is a designated assignment performed on another student, client, or mannequin. Hair accessories may be worn, but must be consistent with the hairstyle. Manicured hands are important to gain respect as a professional.
- All student apparel must be black from the waist down. Clean, black business casual or dressy pants, leggings, capris, or culottes. Any apparel hanging below the waist must be black – this includes, but is not limited to, sweaters, dresses, tunics, etc. The following types of pants are not allowed: sweat pants, yoga pants, pants with visible logos around the waistband, faded black jeans, pants with holes, rips, or tears, shorts.

- Hats are not allowed.

Protégé Academy reserves the right to change the basic dress code to maintain professionalism and reflect the industry standards.

Special Dress Day

There may be certain events when the school will designate a special theme or dress day. This means the student may not have to wear the required uniform, however their attire still needs to be professional. Aprons or smocks, identifying name tags and close-toed shoes with no open back shoes still need to be worn.

Special Circumstances

To provide fair and equal opportunity and access to its educational programs for all qualified individuals, Protégé Academy may consider special and mitigating circumstances (under appeal) when applying, changing, or amending its policies, procedures, and rules and regulations.

Student orientation is given to each student the first day of class.

Study Abroad Program

Protégé Academy may sponsor a study abroad trip to a TIGI Academy. Students are eligible for only one trip and must have completed approximately 50% of their program, and be of senior student status. This program is optional but offered only to those who maintain satisfactory academic progress. The program has an additional charge that will be prorated per current flight charges, educational charges, charges included by the school in any form, and currency exchange at time of travel. This program is not available for manicure students.

*Protégé Academy waives the right to sponsor any trip whenever ten or fewer participants agree to participate.

Clinic Services

When a student has completed the 350-introductory portion, they have achieved Senior Student status and may begin performing services on the public under instructor supervision. Cosmetology students will perform services including hair cutting, coloring and styling, facial hair removal, beard trims and treatments, perms, relaxers, Malibu's, braiding, extensions, manicures, pedicures, false eyelashes, and makeup applications. Manicuring students will perform services including manicures,

pedicures, and artificial nail enhancements. Students must perform all scheduled services. Refusal of a client service will result in disciplinary action and hours will be forfeited for the day. Students may invite friends and family in during designated weeks to receive discounted services.

Personal Services

Students may earn Protégé Personal Dollars to receive personal services. Protégé Personal Dollars may be earned by completing their assigned cleaning duties each day. An instructor will check to see that the assigned cleaning duty has been completed and sign for the completed duties on the day it is performed when daily MPA's are signed. Each day the duty is completed and signed, one Protégé Personal Dollar is earned. Instructors cannot sign for duties completed on any day other than the present. If a student fails to get their completed duties signed, they will forfeit the entire week of Protégé Personal Dollars. Personal services must be paid for by using Protégé Personal Dollars. Protégé Personal Dollars will be tallied in the student's account on Salon Iris.

Students may also earn Protégé Product Dollars to purchase styling products. Protégé Product Dollars cannot be used to purchase curling irons, blow dryers, combs, personal services, etc. Students may earn Protégé Product Dollars by selling products to clients. For every \$10.00 sold in products to a client, one Protégé Product Dollar is earned. Protégé Product Dollars do not accumulate from products purchased by any active student. The totals for Protégé Product Dollars will be tallied the Monday after the week products have been sold and accounted for. Protégé Product Dollars will be tallied in the student's account in Salon Iris.

Protégé Personal Dollars and Protégé Product Dollars must be earned before they can be redeemed. Students approaching their graduation date are allowed one complimentary personal day. All personal day services must be completed during one scheduled day of attendance. Students are allowed one chemical service on their personal day.

Student Attitude

The Beauty and Health Industry is about providing customer service and satisfaction. Success in this industry depends on the ability to make a positive impression through professionalism: including appearance, presentation, attitude and demonstrating the skills to encourage customers to return and refer other customers. True success in this industry is treating each customer as if your entire career depended on him/her. The single most important aspect required to succeed in this industry is a Customer Service Attitude. The best skilled hair stylist, esthetician, or manicurist can limit their potential with negativity. Addressing the individual needs of clients, with genuine interest and projecting a positive attitude will secure your personal and professional success. This positive attitude is best developed and practiced in the school environment. It is treating patrons, teachers, staff, and fellow students with courtesy and respect always. It is doing your best to help the customer feel good about themselves and the "Protégé Academy Experience" you create.

Advising and Counseling

To help students achieve their fullest personal development and make the best use of the instruction offered, the School offers academic guidance and advice beginning with the student's first admissions interview. Protégé Academy offers counseling and advising in the following areas at no additional cost to the student reviewing for state board examination, opportunities for continuing education, referrals for professional assistance, course content and goals, academic issues, financial aid, regulations governing licensure, and career opportunities. Information regarding personal and social counseling agencies within the community is available to students through Administration, Instructors, and displayed on Student information board.

Campus Security Policy

Protégé Academy does not have a campus or security department of any kind. Protégé has no relationship with any state or local law enforcement agency and have no authority to arrest anyone. Protégé Academy students, employees, and other's visiting Protégé, whether victims or witnesses of crimes are encouraged to voluntarily, promptly and accurately report all criminal activity to Protégé officials and the appropriate law enforcement agencies. Students and others are directed to report occurrences involving crimes on Protégés premises to the school director; or, in case director is not available to any other Protégé staff member. Reporters of crimes are asked to fill out and file an incident report with Protégés administrative office. Upon receipt of any report of a medical or criminal emergency, Protégé may offer to contact medical and/or security professionals for the persons affected. The method used to notify the campus community of the crime is dependent upon the nature of the crime and the immediate threat to personnel safety. Following a reported incident involving a crime, Protégé may require the reporting persons to confirm in writing the details of the crime and may contact and apprise local law enforcement agencies. Protégé does not have any policies or procedures that: allow victims or witnesses to report crimes on a voluntary confidential basis; or encourage pastoral counselors, when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the crime statistics contained in the Report.

Protégé Academy releases an annual Campus Security Report on or before October 1st each year. This report is posted on the school's website www.Protegeacademy.com or obtained upon request from the school's administrative office.

Sexual Harassment

It is the policy of the school to provide a work and study environment free of sexual harassment. All students and employees should be aware that Protégé strongly disapproves of any conduct that constitutes sexual harassment and will take disciplinary measures to ensure compliance. All complaints will be investigated and appropriate action taken. Managers and supervisors have an obligation to maintain a positive and productive work environment for students. They are expected to halt any harassment by calling attention to this policy or, if necessary, by taking more direct disciplinary action. When a situation involving sexual harassment is discovered, corrective action must be taken immediately, up to and including termination of employment or school enrollment. All sexual assaults must be reported to the Protégé Academy administration. Un-welcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of a student's continuation or a grade in a class or other activity, or (2) submission to or rejection of such conduct by an individual is used as the basis for an employee's decision affecting such an individual, or (3) such conduct as the purpose or effect of unreasonably interfering with an individual's performance or creating an intimidating, hostile, or offensive study environment.

The written procedures regarding the following items are available at the office:

- Reporting requirements and options available to victims.
- Services available to victims.
- Procedures for ongoing case management, including procedures for keeping the victim informed of the status of any student disciplinary proceeding in connection with a sexual assault (the results of any disciplinary action or appeal) and helping the victim deal with academic difficulties that may arise because of the victimization and its impact.
- Procedures for guaranteeing confidentiality and appropriately handling requests for information from

the press, concerned students, or parents.

Access to Information in Student Files (FERPA) Policy

Students and/or parent/legal guardians of dependent minors are guaranteed the right to access and review the student's educational file. Students must submit a written request to review their file to an administrator of Protégé Academy. The student will be granted supervised access to their records within 48 hours from the day of request. Any third-party request for information will require written authorization from the student or parent/legal guardian of a dependent minor. Protégé Academy requires a release form to be completed for each third-party request of information. Protégé Academy provides access to student records without written consent to its accrediting agency, the United States Department of Education, the State Licensing Agency, and any other school official, or unless required to do so by law or a government agency. The institution maintains a record of all release forms and requests for information. These records may NOT be removed from the school.

FERPA RESPONSIBILITIES AND STUDENT RIGHTS

A school is required to—

- Annually notify students of their rights under FERPA;
- Include in that notification the procedure for exercising their rights to inspect and review education records; and
- Obtain a signed release each time information is released in the students file listing to whom personally identifiable information was disclosed and the legitimate interests the parties had in obtaining the information (does not apply to school officials with a legitimate educational interest or to directory information).

A student has the right to—

- Inspect and review any education records pertaining to the student;
- Request an amendment to his/her records; and
- Request a hearing (if the request for an amendment is denied) to challenge the contents of the education records, because the records are inaccurate, misleading, or violate the rights of the student.

All students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Protégé Academy to comply with the requirements of FERPA.

All necessary student records will be retained for seven years by Protégé Academy.

Student Confidentiality

Protégé Academy is an adult education facility. As such, all information regarding students' whereabouts, schedule, or availability shall remain confidential. No information regarding a student's attendance will be released. Protégé Academy books referral services for students with regards to this confidentiality policy.

Physical Demands

Prospective students should be aware of the physical demands required of a cosmetologist or manicurist. Cosmetologist occupations generally require continued standing and constant use of the upper-torso, shoulders, arms, wrist and hands, upper back, and neck. Manicurist occupations generally require constant sitting, which can lead to backaches, and wrist-and-hand problems. Certain individuals may have allergies and sensitivity to chemical products used in either profession. A student must be physically capable of performing all required activities conducted at Protégé Academy. Standing for prolonged periods of time is a necessity for beauty and health education at Protégé Academy.

Licensing and Vocational Programs

The State of Michigan requires that any person desiring to conduct business as a cosmetologist or manicurist must 1st complete the state required curriculum at a certified school and 2nd pass the state-licensing exam. Protégé Academy programs are designed to provide the state required educational curriculum necessary to qualify the student to take the license exam and to enhance the student's capability to pass the exam, while at the same time prepare the student to actually work in the industry.

The Michigan Board of Cosmetology may and will most likely perform a background check to determine eligibility of the student to take the licensing exam. It is the student's responsibility to determine if certain past criminal convictions (if any) will prevent them from obtaining the required state license. For Licensure Requirements and State-required Information (Michigan Cosmetology Laws and Rules) go to www.Michigan.gov/dleg.

Applied Effort

Every student enrolled at Protégé Academy must be in APPLIED EFFORT while attending school. This Applied Effort policy is designed to better prepare the student for real working conditions after graduation. This means the student must always be working on daily assigned activities pursuant to school policy even though minimum required levels may have been exceeded. If a student refuses to or is not physically capable of being in Applied Effort, the student may NOT attend classes. If a student does not complete class assignments on schedule the student will not be meeting applied academic class effort, and will be sent home for the day until they can return with completed assignments.

While attending school at Protégé Academy, the student will be doing so in an atmosphere similar to the industry in the real world. Although the enrollee is a student and not an employee, the student will be trained by performing work in a salon/spa simulated school environment designed to teach industry skills while providing industry knowledge and educational credit.

Accordingly, many of Protégé Academy's policies are structured to provide this same salon/spa-simulated atmosphere. For instance, students in training at Protégé Academy are expected to attend their scheduled classes timely and consistently without excessive tardiness or absences, as this is the same attendance behavior which all employers expect from employees in the cosmetology service industry.

Health and Safety

Within the fields of cosmetology and manicuring there is exposure to certain product ingredients, sharp implements and equipment that if is used improperly, the cause of caustic reaction, sharpness or extreme temperature may be considered a safety or health hazard. All programs provide instruction for the proper handling, usage, and disposal of chemicals and use of mechanical and electronic equipment. Protégé Academy complies with the state MIOSHA standards.

Vaccination Policy

Protégé Academy does not require its students to be vaccinated prior or upon enrollment. However, students need to be aware that there is potential health risks involved with working in close quarters with the general public. It may be in a student's best interest to become up to date with all vaccines before or upon enrollment. Protégé Academy will post up to date vaccination information provided by Mid-Michigan District Health Department on the student information board on a yearly basis. Students may also contact their local county health department for additional information.

Make-Up Policy

A student must be responsible to request any missed work from the instructor. The student is responsible for completing all missed work. A make-up exam may be given on the first-class day the student has returned unless it is the practical portion of state boards, which then must be coordinated with another class. The highest possible grade the student can receive on any make-up work, missed test, or exams is a 75%. Students who take make-up tests or exams are not allowed any re-takes.

Re-Take Examination Policy

Throughout the program a student is permitted to Re-Take any exam for which they received lower than 75%. A student must wait one school day before retaking any failed exam. The Re-Take exam grade will be averaged with the original exam grade to determine the final grade awarded. Students are only allowed one re-take per exam. There are no re-Takes on missed exams.

Class Repeats

Only a student with an approved valid and verifiable circumstance may request to repeat a class. The highest grade received for the class will be counted toward the student's GPA. Students who request to repeat a class may be charged additional tuition for that class.

Course Costs

Students are expected to contribute from their own family resources toward the student's educational expenses. Students who qualify may receive federal financial assistance authorized under Title IV of the Higher Education Act, i.e., Federal Pell Grants, Direct loans, and PLUS loans. Students may apply for federal financial assistance at fafsa.ed.gov. Payment plans are available from private lenders and also through Protégé Academy. Payment methods available are cash, credit card, check, Title IV, loans, private loans, etc. The in-house payment method requires a pre-determined down payment amount (determined by course tuition) and monthly installments made to the school until the balance is paid at 0% interest.
